Section 3 Resident

- (1) Public housing residents
  
- (2) Persons who live in the Local Area (within the boundaries of the City and County of Sacramento) where a HUD or SHRA assisted project is located and who is considered to be a low- to very-low income person (have a household income that falls below HUD's income limits). HUD income limits are provided below.

Review the chart below, match your household size (include yourself) with the **maximum** household income before taking this employment opportunity.

<b>INCOME LIMITS – 2020</b>								
Number in Household	1	2	3	4	5	6	7	8
Maximum Household Income	\$48,350	\$55,250	\$62,150	\$69,050	\$74,600	\$80,100	\$85,650	\$91,150

For example, if your household size is 3 and the total annual household income was \$55,000.00, you would fall within the income limits of the chart. From the chart above, the income was below the maximum for a family of 3 (\$62,150.00).

If the applicant's total household income is within the limits of the chart, **that person is considered a Section 3 Resident.**

Completing this profile allows business owners to review your initial skills and determine whether to contact you directly, telephone or email for an interview or consideration for a job opportunity, training or apprenticeship!
